

SHUMAN CATTLE COMPANY

**COMPLETE
FEMALE DISPERSION**

WEDNESDAY, NOVEMBER 5

Western Idaho State Fairgrounds

BOISE, IDAHO

Dear Friends:

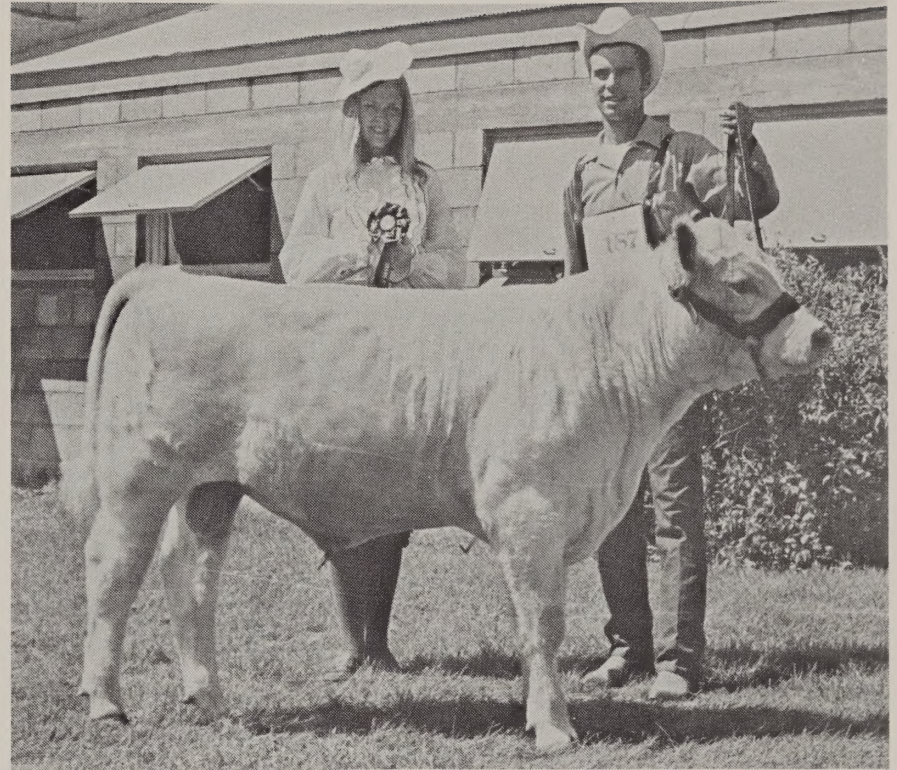

The decision to disperse our entire female herd was a difficult one to make. It is hard to see the fruits of 29 years of continuous breeding leave our ranch.

However, it has been a terrible grass year. We have been having to feed some hay through the summer and this is not practical with today's economy. Rather than see the herd deteriorate, we have decided to sell. Our cattle will be thin but in healthy, efficient condition. We are retaining the yearling and bull calves over 6 months of age. We don't want to leave the Shorthorn business and hope to re-establish a herd when grass conditions are more favorable

The last two years we showed cattle extensively, 1971 and 1972, every individual in the Colomeadow show herd won a championship. It is difficult to take out a string that can beat each other as well as others. To do this two years in a row certainly attests to the bull power and the productivity of the cow herd. This kind of consistency is important to you in the selection of your next herd bull or replacement females.

Almost without exception, every write up of a show

Continued on Page 2

Ron Shuman holds Colomeadow Cornerstone, grand champion bull, 1971 Wyoming State Fair. His mother is one of the attractions in this sale.

The beautiful Emmett Valley, Letha, Idaho, home of Shuman Cattle Co.

or sale that Dad, or I, judged has included a statement to the effect "He was very critical of feet and legs and structural soundness." We have had to place emphasis on this. For most of the years that our cattle were at Colomeadow, they had to climb up and down hills to get a belly full of short Buffalo Grass and often had to slide down a creek bank to get a drink of water.

Since we have been in Idaho, most of our emphasis has been on selling bulls to the commercial man. However, we have been to eight shows and sale shows. We have had the champion or high selling bull over all breeds six out of the eight times and seven out of eight in the Shorthorn division.

In 1973 and 1974, the average selling price of all of our breeding cattle was \$1,064 after sale commissions, etc. were taken out.

We feel the Shuman Cattle Co. herd is in the height of its production capabilities. Every cow is here because she has been a superior producer.

November 5th could well be the DAY OF OPPORTUNITY FOR YOU. We invite your attendance to our sale.

RON SHUMAN

To our Shorthorn Friends:

Having just returned from a trip to visit Ron and his family in Idaho and to inspect their cow herd, I have the urge to write a note to our friends. Quite frankly I was very favorably impressed with the cows, and especially the young calves by the young Cornerstone bull, and Speck.

Colomeadow and now the Shuman Cattle Co. cow herd needs no introduction to the Shorthorn and Polled Shorthorn business. The show herd was exhibited extensively throughout the midwest and always stood at, or near, the top.

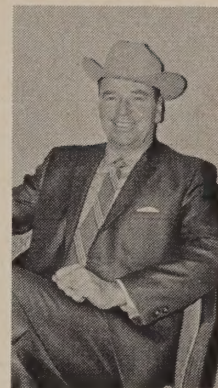

Colomeadow was a leader in performance testing, being the first to use Sonoscope readings on the sale cattle. And during the days of weighing and grading, the Colomeadow cow herd earned the highest grade of any herd in the U.S., and the herd average cow weight was 1186 lbs. per head.

This cow herd has been built with 30 years of using the best bulls available, regardless of price, by keeping the best replacement females, and acquiring such herds as "Ringwell", "Braeside", and "Rosewood Hites".

They have attracted visitors and buyers from all over the U.S. and eleven foreign countries, many times we have

heard such comments as, "the best cow herd we ever saw, regardless of breed".

Under the ownership of Ron and Mary Ann, the herd has gone through some change to the modern type, without sacrificing the necessary requirements of good, sound, beef cattle.

You will note 80% of the present herd is in the prime of their life, being 3 to 7 years old. Every cow in the herd has dropped a calf in the last year, and they are in good condition. The calves at foot are outstanding.

Due to the current depressed cattle market, Ron & Mary Ann are not expecting to set any new price records, but they just might set a record for satisfied customers, with good investments.

If you can use some real good improving females, I strongly urge you to attend this sale. The location is easy to get to and if I can be of any help, feel free to call on me.

JOHN F. SHUMAN

GENERAL SALE INFORMATION

TIME — Wednesday, November 5th. Sale will start at 12:30 M.S.T.

PLACE — Western Idaho Fairgrounds, Boise, Idaho.

SALE HEADQUARTERS — Rodeway Inn, 29th & Chinden Blvd. Phone A.C. (208) 343-1871.

TERMS — The terms of this sale are cash (U.S. Funds) in all cases.

HEALTH — The seller has had all animals tested for TB and Bang's within 30 days of sale date. Health papers will be provided to allow shipment anywhere in the U.S. Cattle eligible for export will be announced.

GUARANTEE — As this is a dispersion of registered females, all cattle will be sold without further guarantee. However, all cattle have been examined by a licensed veterinarian and all findings will be announced.

BREEDING STATUS GLOSSARY —

SAFE IN CALF: Female has been palpated and diagnosed pregnant by veterinarian.

BRED: Female has been served by a bull, or artificially inseminated, but does not mean she is safe in calf to that service.

PASTURE BRED OR PASTURE EXPOSED: Female has been running in the pasture with the bull and has been exposed to the bull for the period of time stated but does not necessarily mean that this female is safe in calf.

OPEN: This is a virgin heifer that has never been exposed, or, in the case of a cow, she has not been exposed to a bull

since the birth of her last calf, or a female of any age palpated by a veterinarian and found not to have conceived.

FERTILITY TESTED: Bull's semen has been tested by a licensed veterinarian or a recognized A.I. breeding center technician and he is considered a satisfactory breeder after evaluation of semen.

LIABILITY — All animals will become the responsibility of the purchaser as soon as bid off. Accidents at cattle sales are rare but all attending do so at their own risk. The sale manager has been retained for specific promotional and clerical tasks and has nothing to do with the handling of the cattle or the condition of the premises.

AUCTIONEER — Ken Troutt, Emmett, Idaho 83617.

SALE MANAGER — A.S.A. Sales Services, 8288 Hascall St., Omaha, Nebr. 68124.

REPRESENTATIVES — Ted Aegerter, American Shorthorn Ass'n., 8288 Hascall St., Omaha, Nebr.

Guy Colyer, Western Livestock Journal, Box 277, Bruneau, Idaho 83604.

John McDonald, Western Livestock Reporter, Box 30758, Billings, Mont. 59107.

AIRLINES — Boise is serviced by Northwest, Frontier, United and Hughes Air West.

ANNOUNCEMENTS — Announcements made from the auction block will take precedence over printed matter in the catalog.

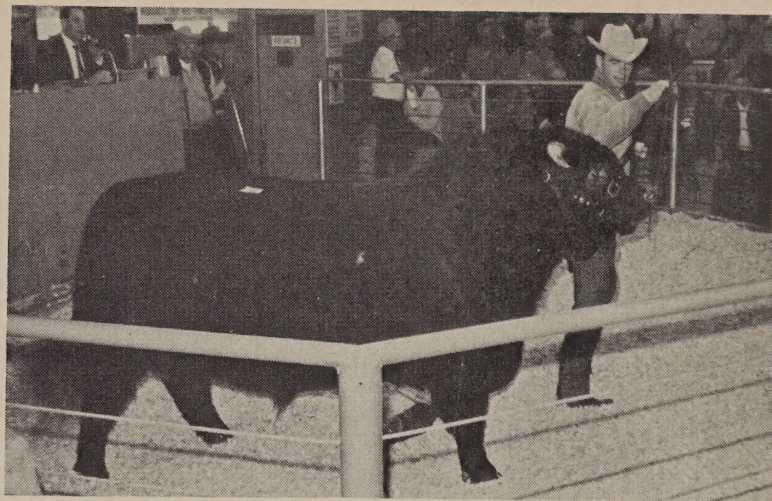

REGISTRATION CERTIFICATES — Proper American Shorthorn Ass'n registration certificates will be transferred to the new buyers at the seller's cost.

Dear Shorthorn Fraternity:

It is with mixed emotions that I write these few words about the Shuman Cattle Company Sale described herein. While Ron and Mary Ann have been on their own and in Idaho only a few short years, the herd's impact on the breed goes back thirty years. I well remember the day John Shuman leaned over the rail at the National Western Shorthorn Show and said "Ted, I want to know more about these registered Shorthorns because I'm going to be in the business." And get into the business he did.

As the John Shuman & Sons herd of Shorthorns progressed, every tool of the trade was used to its fullest potential. The Certified Meat Sire Program, Herd Classification, Performance Testing - as these tools came into being the Shumans were quick to utilize them. And it paid off.

When the First Pattern For Progress was born, the Shuman herd was readily made available. And so it has been for thirty years. The winning cattle and the successful Sales were well-programmed by the Shumans.

Ron Shuman leads the Western Shorthorn Ass'n Sale top-seller, Colomeadow Jester, through the ring. This bull went into the reputation herd of Keith Dykins, Beach, N.D.

Now you have the opportunity to reap the benefits.

Be at the West Idaho State Fairgrounds on November 5!
You'll be glad you attended.

Ted L. Aegerter
American Shorthorn Assn.

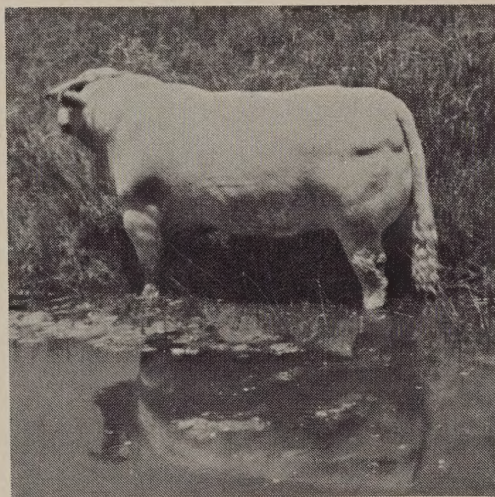

FORMER COLOMEADOW HERD SIRES

The great Colomeadow Control, a ton bull way before his time.

Louada Peerless

Ringwell Lodestar 2nd

Can you name a herd that has used a more impressive, or a more royally bred array of herd sires? Is it any wonder that Colomeadow and Shuman Cattle Co. Shorthorns have had such wide appeal?

Acadia Napoleon 66th, 1962 International reserve sale champion. A "AAA" rated sire that sired over 100 major champions.

Remitall Banner, 1967 Canadian International sale champion.

COLOMEADOW CORNERSTONE 10th x — One of the best sons of W S U Cornerstone 704. He has been raised on roughage and never was in fleshy condition in his life. We started using him pretty hard as a long yearling, because Speck got his foot hurt. After seeing his first calves, we have been using him ever since. He is out of a line-bred Leader cow and by WSU Cornerstone 704. Since the majority of our cow herd traces to Coronet Max Leader or WSU Cornerstone 704, he provided us with the source of bloodlines we needed to line breed these two great lines of cattle. Notice the pedigrees on the 1974 and 1975 heifers. Although we have always paid more attention to quality than pedigree, we realize the importance of this tool to provide breeding cattle with the prepotency to go on and do a good job for you, our customers.

COLOMEADOW CORNERSTONE 10TH x — All of the females in this sale carry the service of this linebred Leader-Cornerstone improver. His calves indicate his improving ability.

**SOME OF THE RICHEST BLOODLINES OF
THE BREED ARE BEING OFFERED IN THIS
SALE.**

BUTTE LEE LEADER 82ND x — Better know as "Speck", this 1971 Denver sale champion weighed 1,910 lbs. as a two-year-old. His mature weight, 2,200 lbs. Plenty of size here. Seven sons and 14 daughters sell.

COLOMEADOW TALISMAN 10th x — The Talisman cow family has produced numerous champions in the past 30 years. Beaufort Orange Talisman produced two International supreme champions. Ringwell Orange Talisman was International grand champion. Colomeadow Talisman 2d, the mother of Colomeadow Talisman 10th was 15 times a grand champion, including 1961 National Western. We realize this grand old lady is somewhat short-legged by today's standards, however, bred to a big bull she has produced some very useful cattle. She is still calving each and every year and looks like she's good for a few more yet. A Speck daughter, S C C Talisman 2nd sells as Lot 11. She sells with a June 12th bull calf at foot by the "10th".

This picture of some of the foundation cows in the Shuman herd indicates the bred-in easy fleshing and beefiness of this herd.

COLOMEADOW ROTHES QUEEN 16th — Edellyn Rothes Queen was the dam of Colomeadow Control, reserve grand champion bull at National Western in Denver and grand champion at Ft. Worth. His sons and daughters were champions in Kansas City at the American Royal, Denver at the National Western, and Omaha at AK-SAR-BEN National, to name just a few. He was known as "the rancher's bull" because he was a free-moving, easy-traveling bull, and he was way above average size in those days. A son, SCC Cornerstone, sold to Ted Jordan, Letha, Idaho, for \$800 and another son, SCC Cornerstone 6th sold in the Idaho Shorthorn Ass'n. sale for \$725. A daughter, SCC Rothes Queen 2d sells at lot 13. Colomeadow Rothes Queen sells with a roan heifer calf by Colomeadow Cornerstone 10th, born May 17, 1975.

SCC ROTHES QUEEN 2nd — Line bred to TPS Coronet Leader 21st and out of the same cow family that produced Colomeadow Control. This heifer should make an excellent replacement female, as we're sure you'll agree.

COLOMEADOW ORANGE MAID 28th — A W S U Cornerstone 704 x daughter, and out of the prolific Orange Maid cow family that produced so well for Colomeadow Farms. Over \$8000 worth of females from this family sold in Colomeadow sales to many top herds. A daughter sells as lot 15.

KEENE RIDGE ANN 2nd — In 1968, Colomeadow Farms was running 300 plus registered cows in the herd. When the herd was reduced to the top 50, Keene Ridge Ann 2nd was retained. This grand old cow has been a producer for many years and is still going strong. A daughter, Colomeadow Anemone, was in Colomeadow's 1968 show string; another daughter, Colomeadow Ann 2nd, a good, strong, horned cow, sells as Lot 17. We are retaining her 1974 bull calf, a growthy individual. Her 1975 heifer calf, S C C Ann 2nd, sells as lot 19. For a proven producer, you can't go wrong with this one.

COLOMEADOW MEADO FLOWER 6th x — Pheasant Creek Leader was the second high selling bull in the 1969 Regina bull sale. He weighed 1790 at 26 months of age, later developing into a ton bull. We thought a lot of this cow's mother. She left us a lot of good females. Several are selling in this sale. A daughter, S C C Meadow Flower 3d sells as lot 27.

The impressive bull pictured here is Pheasant Creek Leader x, 1969 Regina second top-seller at \$3,100. This bull weighed 1,790 lbs. at two years of age and his blood is a prominent part of this sale.

COLOMEADOW AUGUSTA 31st — Out of the great Augusta cow family that has made a tremendous contribution to Colomeadow, Shuman Cattle Company, and to the Shorthorn breed. Colomeadow August 9th is the mother of \$10,000 Colomeadow Sting Ray, the first Shorthorn bull to become a Certified Meat Sire. This young cow produced a good March bull calf this year by Colomeadow Cornerstone 10th.

MISSIE'S BOUNCE 4th — This young cow has been a regular calver. A heifer calf sold to W. H. and Terry Moye, Weiser, Idaho, for \$550. Acadia Napoleon 66th produced champions at most of the major shows in the U.S. He had an actual rib eye measurement of 19.81 sq. in., 2.34 sq. in. per 100 lbs. of carcass. 2 sq. in. per 100 lbs. carcass is needed to qualify for Certified Meat Sire.

COLOMEADOW STING RAY — The Shorthorn breed's first Certified Meat Sire. Lot 37 is the cow family that produced this improver.

THOMAS DUCHESS 40Z x — We can't say enough about this female. In our opinion one of the great cows of the breed. She and every one of her descendants old enough to show have been a grand champion. Her first calf, Colomeadow Cornerstone by WSU Cornerstone 704 was grand champion at 1971 Wyoming State Fair, as a junior calf, and stood up well at several other shows. This good calf was very popular with several breeders and sold for \$1200 to Spear Cross Ranch, Oconto, Nebraska. Her second calf, Colomeadow Duchess 36th was an All American in 1973. She sells as lot 41. Our son, Craig, showed her third, SCC Duchess to grand champion at our strong county fair over all breeds including exotics. She was also grand champion at Western Idaho State Fair. A son, SCC Leader 6th sells as lot 8 and a daughter, SCC Duchess 5th sells at lot 44.

THOMAS DUCHESS 40 Z x — One of the great females of the breed. Read her footnote. What an impressive record!

The Thomas Duchess family makes up five female lots in this sale. Just one of the dependable families being offered in this Female Dispersion.

COLOMEADOW DUCHESS 36th x — Not often are females, so highly thought of by their owners as this one, offered for sale. Daughter of our good Thomas Duchess 40Z, selling at lot 40. This female was All-American in 1973. She was reserve calf champion at the American Royal; reserve grand champion, Wyoming State Fair; and calf champion, Nebraska State Fair. Her full brother, Colomeadow Cornerstone was grand champion at 1971 Wyoming State Fair, and sold for \$1200 to Spear Cross Ranch, Oconto, Nebraska. Her first calf, SCC Duchess 4th, was shown by our son, Craig, to grand champion over all breeds at our county fair, and sells as lot 43. We think this cow will prove to be as good a producer as her dam.

S C C DUCHESS x — We predict this female has a great future, and recommend her highly. Grand champion, 1974 Western Idaho State Fair and grand champion over all breeds, including exotics, at the 1974 Gem County Fair. She is out of Thomas Duchess 40Z that has done such a tremendous job for us. We are retaining her roan bull calf, born April 8, 1975.

BUTTE LEE LYNNE x — We highly recommend this female. Line bred to Coronet Max Leader and mother of Colomeadow Cornerstone 10th our junior herd sire, selling as lot 1. Two good daughters sell as lots 47 & 48. This cow produced twin bulls in 1971. A granddaughter of T P S Coronet Leader 21st that wrote breed history, and T P S Coronet Leader 4th by Coronet Max Leader 3rd a bull that went to Bapton in Scotland and was the foundation sire of their polled herd there. He was later exported to New Zealand, where he was acclaimed an all-time herd improver.

The top-selling bull and top breed average at the 1975 Klamath Falls Test Center All-Breed Range Bull Sale was paid for Polled Shorthorns. The top bull brought \$1,900 and the five Polled Shorthorn bulls averaged \$1,190.

BRAESIDE TONI — For the last decade, every time an animal with Bapton Constructor in their pedigree has walked into the ring, someone has said "by the \$50,000 Bapton Constructor", so we aren't going to say that. This grand old cow, one of the last daughters of Bapton Constructor, is still going strong and appears to be good for a few more calves. If you're looking for longevity, a daughter from this cow could be worth many times what she will cost. A daughter, Colomeadow Augusta Toni, was grand champion at the 1971 Colorado State Fair. She was invited to sell in the Wonderful World of Shorthorns Sale in the Grand Ballroom at the Pick Congress Hotel in Chicago, where she sold to Dr. Munson in Illinois for \$1050. Another good daughter and full sisiter to Colomeadow Augusta Toni, Colomeadow Augusta Toni 2d, sold to Rodney Lucas, Lennox, Iowa for \$800. A son, SCC Leader 3d sells as lot 5.

HELIANTHUS 38th x — A royally bred female and a good producer. Her dam is a full sister to Helianthus 41st; 1974 All-American, she was grand champion at 1973 International, Ak-Sar-Ben, 1973; 1973 Iowa State Fair; and 1974 National Western shown by Mark Steen, Elk Horn, Iowa. Her sire is the sire of "Hank" 93 Lilac 70 used in the Bob-Lee herd. He sold for \$7700 to A/E Ranch, Lincoln, California. A daughter, SCC Helianthus sells as lot 69.

SCC HELIANTHUS x — If you're looking for more size, length, and milking ability, this is another heifer you will want to look at. The combination of a son of TPS Coronet Leader 21st crossed on a Haumont cow has produced several winners for Bob-Lee, Fredericktown, Ohio and others. This female should produce some good performing cattle. Read her mother's footnote.

LEADER'S SUNSHINE x — We can certainly recommend this female as one of our best. She is a line bred MPS Coronet Leader 6th, which makes her a prepotent female. A son, SCC Coronet Leader sold to Wayne Robb, Nyssa, Oregon. Another son sold to Tip Lucas, Lennox, Iowa. A daughter, SCC Sunshine sells as lot 74. She sells with a July 17th heifer calf at side by Colomeadow Cornerstone 10th x.

Lots 73 through 90 represent the James Mitchell bloodlines in this sale. The Mitchell herd from Kansas has been the source for many modern-day show winners.

R H CORONITA LEADER 7th x — This cow produces a lot better than she looks. Look at her last daughter, selling as lot 95 before appraising this female. She is a daughter of T P S Coronet Crusader and paternal sister to the dam of the 1970 National Western grand champion, Sutherland Citation x. Windholme Farms, Orange Va. purchased $\frac{2}{3}$ interest in Citation for \$13,200. Her 1974 daughter, S C C Coronita Leader, was reserve grand champion female at the ISA Sale last spring and sold to Gemstone Shorthorns, Burley, Idaho.
